

Do You Eat Oysters.

There used to be just one way to ship oysters. That way was to dump the oysters in an old wooden pail, dump ice water in with the oysters, put in some "embalming" fluid and then the oysters were churned against the ice absorbing all the dirt and impurities until you had a dop- unit for the stomach of the strongest man.

THE NEW WAY—Redderson sells oysters that are shipped in patent carriers. This carrier consists of two parts. The oysters are in the inner, sealed air tight receptacle, waterproof, dirt proof and germ proof. The ice is in the outer receptacle, and is made to keep the oyster not destroy it. Buy Naturally Flavored Oysters and Not Dope. Redderson is the only man who sells "Sealship" oysters.
